QUALITY POLICY

The mission of our Company as a producer of waters and drinks is to market products that meet the expectations and requirements of our Clients while also developing and strengthening the Company's economic position on the market.

We want Clients to associate our Company's brand with safe and healthy food that has an exquisite taste.

We intend to perform this Quality Policy by achieving the following strategic objectives, among others:

- maintaining a quality management system and continuous improvement of its effectiveness according to the requirements of the ISO 90001 norm;
- application of the product health safety system HACCP;
- application of Good Manufacturing Practice principles as well as Good Hygiene Practice;
- assessment of client needs;
- diligent selection and cooperation with suppliers;
- continuous care for our product through the use of raw materials and components that guarantee the best quality;
- continuous care for employee satisfaction;
- acquisition of new financing sources;
- introduction of technological progress;
- compliance with environment protection requirements
